## PERSONAL PROJECTS

---

### Weather API Chatbot

Collaboratively developed a Java-based Weather Chatbot that provides real-time weather updates and clothing suggestions for multi-city trips. Implemented thorough unit and integration testing for the underlying APIs to ensure reliability and accuracy.

### Chess

Designed game logic for piece movement, valid move detection, and rule enforcement.

## WORK EXPERIENCE

---

### Freelance Software Developer, Freelance / Self-employed

Dublin

Nov 2024 — Present

- Developed a personal portfolio website to showcase projects, skills, and achievements.

Achievements/Tasks:

- Built front-end features using HTML, CSS, JavaScript, and React.
- Implemented responsive design for optimal viewing on multiple devices.
